

TEL AVIV UNIVERSITY TRUST

Pursuing the Unknown

## A Message from the CEO

In these continued extraordinary times, we hope to have offered you some interesting and informative content over the past several months.

Since March, when TAU began to host webinars in lieu of in-person events, we have put together a programme showcasing TAU's star faculty, alumni and more in weekly on-line events.

Over the past 5 months, we have hosted over 25 webinars, on a broad range of topics including COVID-19 research, politics of the Middle East, healthy ageing, mindfulness, the economy, entrepreneurship and innovation, film and television, music, anti-Semitism, sports, climate change and more. This past week, we were delighted and excited to host our last summer webinar with Israeli football legends Avram Grant and Yossi Benayoun in a webinar hosted with great finesse by sports journalist and broadcaster Raphael Honigstein. If you missed it, [HERE](#) is the link, feel free to watch it anytime. And please click [HERE](#) to learn more about the Sylvan Adams Sports Institute at TAU.

TAU will return in the next few weeks with an exciting line-up of future webinars. Please continue to check your emails in the coming weeks for announcements, dates and speakers. We also look forward to showcasing our Night at the Movies @Home in the near future. Stay tuned for details!

In the meantime, TAU continues to do all it can to fight COVID-19 and to look after its students, many of whom now find themselves in difficult circumstances. We thank you for helping and supporting our recent DROP EVERYTHING COVID-19 Appeal and look forward to continuing to update you on TAU's progress. Below, you will find some links to articles citing TAU's most recent research and faculty in the news.

We hope, wherever you are, that you enjoy the remaining weeks of the summer in good health. Your friends at TAU look forward to welcoming you back soon.

Wishing you Shabbat Shalom,

Cara

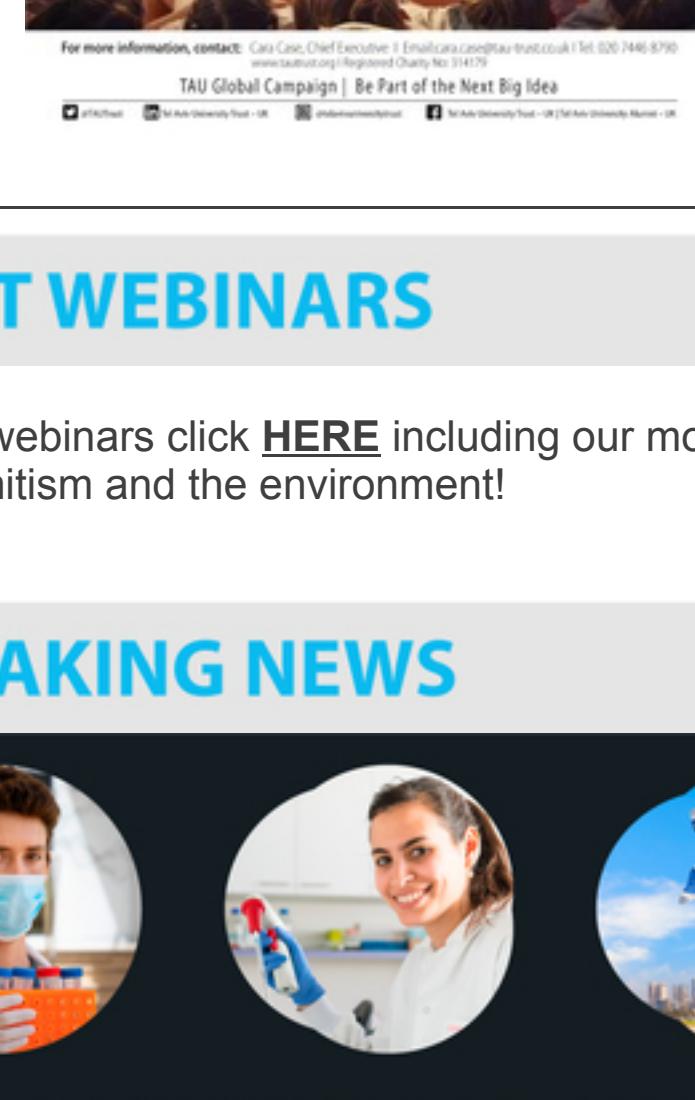

Chief Executive
