TAU Alumni Spotlight

• • • ALUMNI SPOTLIGHT - Elad Cohen Toren • • •

Hi, I am Elad Cohen. I graduated from TAU a while ago..!
And even worked there for a few years building StarTAU. These days I live in London, in Camden, working on SAPIA.co - A B2B social commerce platform for sustainable brands.

SAPIA is tackling the biggest problem in the world => The climate crisis. We do so by building a new home for the biggest business force in the world (SMBs). We help SMBs tell a better brand story, build a community, and become more sustainable.
